AURORA
JET PARTNERS

YOUR ULTIMATE PRIVATE AIR TRAVEL EXPERIENCE IS MORE THAN JUST GETTING TO YOUR DESTINATION. IT IS ABOUT YOUR ENTIRE JOURNEY.

Aurora Jet Partners is a full-suite private aviation services company with a respected reputation for providing innovative solutions when it comes to owning and operating private jets. We take pride in the long-lasting relationships we have with each of our partners which is founded on a proven track record of safe, client-focused and value for money service delivery.

We are committed to the western Canadian market with a team of experienced, long-term employees dedicated to serving the region. We live here, work here, and are passionate about going above and beyond for all of our clients. We are anchored in Canadian aviation history.

Whether you are making a corporate investment or a personal lifestyle choice, Aurora Jet Partners offers you more.

Our exceptional financial backing, entrepreneurial spirit, and commitment to signature service will keep you flying with us for years to come.

WELCOME ABOARD.

Bill McGoey, President

Aircraft Management

Whether you already own a business jet or are planning to purchase one, consider Aurora when looking for an experienced aircraft manager. You will gain access to a team of aviation professionals who are dedicated to keeping aircraft ready to fly on time, on budget, and with absolutely no compromises when it comes to safety.

FLIGHT CREW/HR

We hire, train, and schedule pilots and flight crew for your aircraft when you need them.

DISPATCH/ RESERVATIONS

Our 24/7 Jetdesk team looks after every detail of your flight from departure to destination.

AIRCRAFT MAINTENANCE

We perform all required maintenance to ensure your jet is ready on your schedule.

ACCOUNTING & EXPENSE OPTIMIZATION

We manage all vendor relationships and pay all aircraft-related expenses without any mark-up.

HANGAR

We locate a suitable hangar and negotiate fuel pricing using our fleet discount.

REGULATORY COMPLIANCE

We assume responsibility for operating the jet safely and in compliance with regulations.

TECHNICAL RECORDS/ PUBLICATIONS

Our dedicated team maintains technical records, produces all manuals directing company operations and publishes to an Electronic Flight Bag.

SAFETY MANAGEMENT

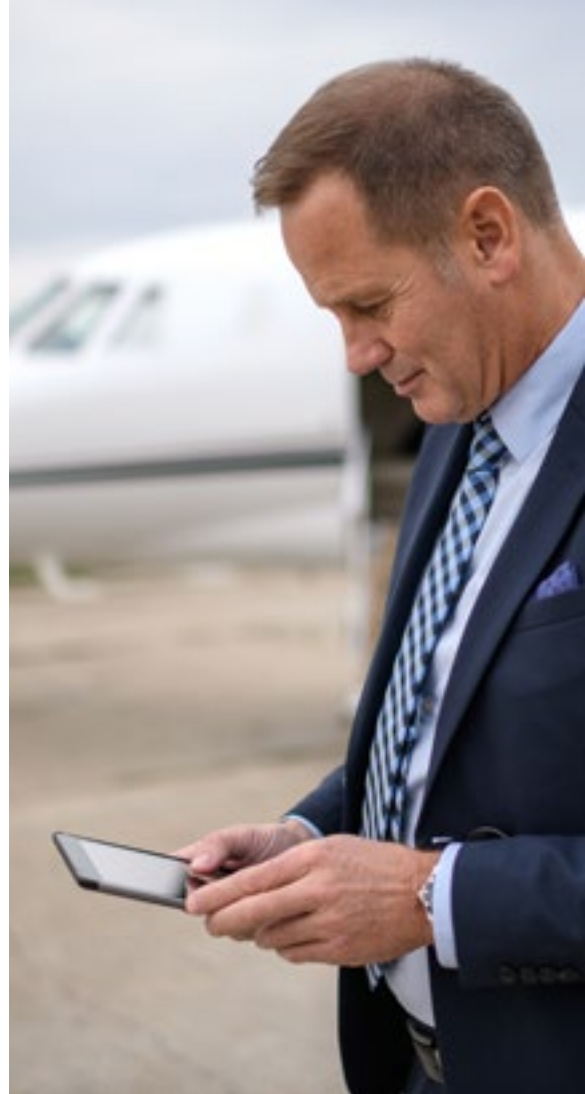

Our custom SMS guides our operations and holds us to the highest safety standards.

AURORA JET EXCHANGE

Our aircraft interchange program offers a quick and easy way for you to utilize other aircraft in our fleet when yours is unavailable or unsuitable for a specific flight.

CHARTER SALES

We can sell charter trips on your jet or open it up to our partnership program as a backup.

“Aurora Jet Partners has proven to be an excellent aircraft manager for my aviation asset. Whether flying on our own aircraft or another jet in their interchange program, they consistently provide a high level of service and attention to detail that has given me great peace of mind.”

—Roger Hardy, CEO of Hardy Capital
(Vancouver, British Columbia)

Partnerships

ENJOY THE BENEFITS OF PRIVATE JET OWNERSHIP WITHOUT THE FULL EXPENSE OR RESPONSIBILITIES

Whole aircraft ownership offers unmatched availability and flexibility to business jet owners, but it comes with significant cost. Owners in our jet partnership program experience substantial savings in acquisition cost, annual market depreciation and fixed overhead expenses when divided by two or three partners. Aurora Jet Partners retain the ultimate luxury and convenience of full ownership and add the benefits of the Aurora Jet Exchange (AJX), giving you access to an entire fleet of various-sized jets.

ALREADY OWN A JET? WE WILL HELP YOU FIND LIKE-MINDED OWNERS TO SHARE THE COST OF OWNERSHIP

Many private jet owners have more airplane than they need, which results in unnecessary expense and underutilization. If you already have your own aircraft, we can help you find an ideal partner to share the costs. We have a long history of managing partnerships on business jets.

“The convenience of private air service reduces travel time for executives... We find Aurora Jet Partners’ booking process easy to use, and the team, both in the office and on the aircraft, are always accommodating.”

—Chris Fowler, President & CEO at CWB Financial Group (Edmonton, Alberta)

Aircraft Charter

You are sitting comfortably in a plush leather seat inside the quiet cabin of a private jet, your favourite meal on the table before you. You look out the window to see nothing but beautiful blue sky. In far less time than it ever took before, you arrive at your destination, refreshed and prepared for the day ahead. You step off your jet into your waiting car, and you are away.

THAT IS THE ULTIMATE PRIVATE AIR TRAVEL EXPERIENCE.

Without question, private air travel provides you with more time to grow your business and make the most of your valuable personal time. When your flights are designed around your schedule, waiting in airports and rushing for connecting flights is simply a thing of the past.

Chartering a jet from Aurora Jet Partners has never been easier. Whether you need to take your team of executives out to visit your branch of offices or want to take your family for a holiday in the sun, we are ready to serve your private air travel needs.

We offer a growing fleet of private aircraft based across the country, including light, midsize, super midsize, and large 13-seat transcontinental jets. With 24/7 operational and client support worldwide, we are capable of meeting your every need.

“I am now able to get to my commitments and back to my home base in a fraction of the time it used to take me. My “road trips” are no longer multi-day events and I can go directly to where I need to go. I can even bring my dogs!”

—Dave Freeland, President & Founder at DFI
(Edmonton, Alberta)

Sales & Acquisition Consulting

Private aircraft ownership offers you unmatched flight availability and flexibility. The Aurora team is made up of aviation professionals who have decades of practical experience and can offer you real-world advice from the perspective of a buyer and an operator. Factory-new or pre-flown, whatever make or model is best for your needs, we can look after all aspects of your purchase.

Our acquisition services include conducting a worldwide search to find the best aircraft available, ensuring the airworthiness of that specific jet, negotiating the deal, completing all regulatory work and importation documentation, and delivering the aircraft to its final destination.

When you partner with Aurora, you are choosing an experienced, adaptable operator who can assist you in uncovering new ways to increase efficiency and control ownership expenses.

“Travelling with Aurora for the past decade has allowed me to maintain a healthy balance between my personal life and my professional obligations... Aurora plans and coordinates the whole complex package.”

—Paul Douglas, Chairman and Former CEO of PCL Construction Board of Directors (Edmonton, Alberta)

Safety

Safety is woven into our company culture. From the board level to the frontline, Aurora Jet Partners offers the highest level of safety and peace of mind in fleet operations.

We were one of the first Canadian business jet operators to deploy a company-wide Safety Management System (SMS) before it was a regulated requirement. This SMS ensures that all employees identify, correct, track, and report safety concerns or potential risks long before they become an incident or accident.

Aurora holds Stage 3 IS-BAO (International Standards for Business Aircraft Operations) and ARGUS Platinum safety certification.

Technical Services

Our team of highly experienced aircraft maintenance engineers are capable of performing all levels of maintenance work on your jet, whether at one of our locations or out in the field.

OUR MAINTENANCE DEPARTMENT OFFERS:

- ✕ Transport Canada Approved Maintenance Organization (Certificate #61-13)
- ✕ Embraer Authorized Service Center – Phenom 100, Phenom 300
- ✕ 24/7 aircraft on ground (AOG) support
- ✕ Approval to work on and certify FAA FAR Part 91 and Part 135 aircraft
- ✕ Fully functioning and audited quality assurance system
- ✕ Complete integration into the company's SMS program
- ✕ Specialized structures rated within the AMO
- ✕ In-house avionics services
- ✕ Aircraft imports and exports
- ✕ Maintenance bases in Toronto (YYZ), Vancouver (YVR), and Edmonton (YEG)

All aircraft on Aurora's Transport Canada operating certifications must be maintained in accordance with our approved maintenance program. Any maintenance work performed by other vendors outside of Aurora must be under the control of our approved program and be carried out by a Transport Canada-approved AMO.
